THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

AUGUST 1, 1974

NOT BY BREAD ALONE

The Summer Orchestra, conducted by ALAN CLARKE, has given two noon hour concerts this summer at the University, bringing culture and a change of tempo to those who usually eat their lunches amid the din of the dining hall. The concerts were sponsored by the Edmonton Musicians' Association Trust Fund of New York, and the Students' Union Summer Session. The 20-25 piece light concert orchestra was established in 1962, to provide summer work for string, brass, and wood wind musicians. Most of the members are from the Musicians' Local and the Edmonton Symphony Orchestra.

This year the Summer Orchestra has accepted bookings to perform at homes for the aged, auxiliary hospitals, Borden and Mayfair Parks, and conventions as well as at the University. Additional information about the group may be obtained by contacting MARY CLARKE at 476-4197.

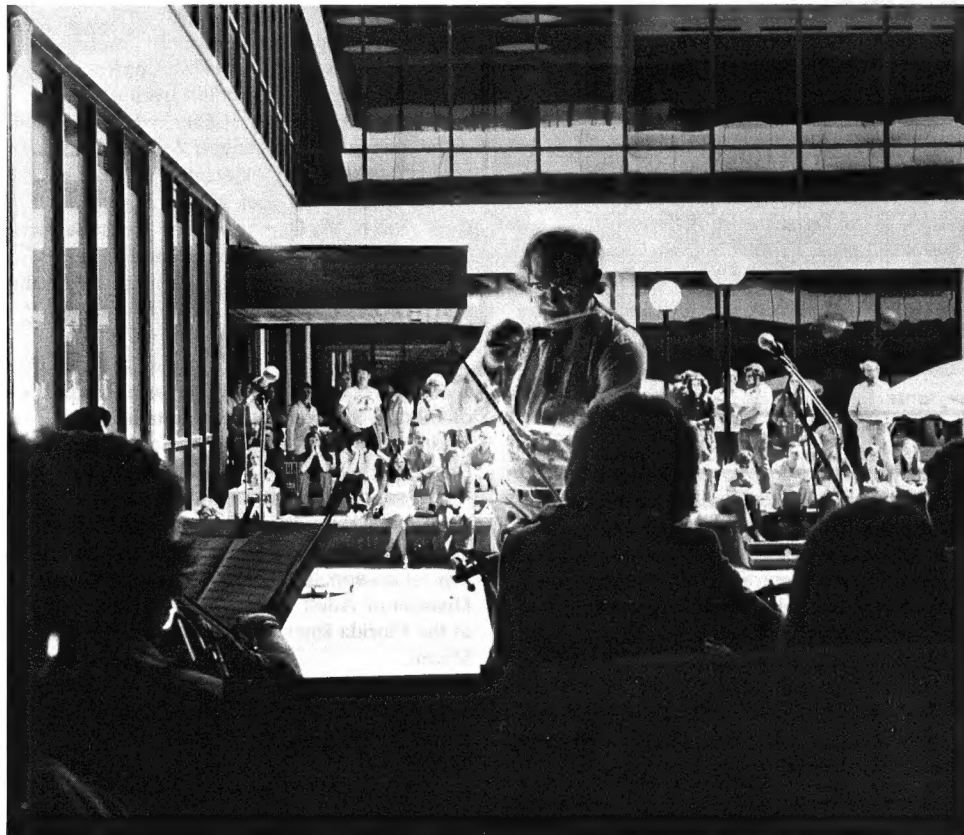

ADVISORY COMMITTEE SEEKS PUBLIC OPINION

On April 1 of this year THE HONOURABLE JAMES FOSTER, Minister of Advanced Education, appointed a 15-member advisory committee to study all matters related to further education. The terms of reference requested the committee to focus on further education policy concerns that affect the public, and to make appropriate recommendations to the Minister.

At a recent meeting, the advisory committee indicated their wish to receive from members of the public any concerns or briefs with respect to continuing education in the province.

Persons with specific concerns about opportunities available to adults who wish to pursue their education on a part-time basis, or about any other aspect of further education, are asked to direct their comments to one of the following local committee members: DAVID BECKMAN, 605 Devonian Building, 11160 Jasper Avenue, Edmonton, telephone 426-7640; MRS. JOY JOHNSTON, 16103 Patricia Drive, Edmonton, telephone 487-0301; or BOB SMILANICH, 40 Greenbrier Crescent, St. Albert, telephone 429-5621.

The advisory committee requests that submissions be made on or before October 15, 1974.

RICHARD KERR

ALBERTA STUDENTS PLACE IN MATH EXAM

Two Edmonton high school students have won prizes in the 1974 Canadian Mathematical Olympiad. It is the first time in the history of the national olympiad that Alberta students have won awards.

Examination results sent to the University's Department of Mathematics indicate that WILLIAM R. GRAHAM, who last year attended grade 11 at Harry Ainlay Composite High School, and ARTHUR T. WHITNEY, who attended Strathcona Composite High School, placed among the top 20 students in the competition designed for Canadian high school students. Each was awarded a prize of \$100.

A Canadian Mathematical Congress Scholarship of \$400 was awarded to MANU PARANJAPPE, who also attended Strathcona Composite. A similar scholarship of \$200 was awarded to Mr. Whitney.

UKRAINIAN SINGERS TO TOUR CANADA

In accordance with the terms and regulations of the Cultural Exchange Agreement between the governments of Canada and the USSR, a National Concert Tour of Canada will be made this autumn by members of the Shevchenko State Opera and Ballet Theatre of Kiev, Ukraine.

Among the artists to be seen on the tour will be YEVHENIA MIROSHNICHENKO, coloratura soprano, and DMYTRO HNATYUK, baritone, who individually and together have delighted music lovers in the cities of the many nations in which they have performed.

Edmontonians will have the opportunity of hearing them and other members of the Shevchenko company on November 8 at the Northern Alberta Jubilee Auditorium. Details of time, admission, availability of tickets, etc. will be published in FOLIO at a later date.

VISITORS

- R.A. BILSKI, Professor of Physiology, Medical Academy in Krakow, Poland, will spend six months as Visiting Scientist in the Surgical Medical Research Institute and Division of Experimental Surgery.
- Recent visitors to the Department of Physics who spoke at seminars on theoretical physics were: D. BOHM, Birkbeck College, University of London; M.J.P. MUSGRAVE, Imperial College of Science and Technology, London; and R. HARRIS, McGill University, Montreal.
- WILLIAM REID, University of Colorado, Boulder, Colorado, conducted a special seminar in the Department of Botany.
- WOLFIE TRAUB, Professor of Structural Chemistry, The Weizman Institute of Science, Rehovot, Israel, conducted a seminar in the Department of Biochemistry.

PEOPLE

- F.B. COOKSON, Director of the University Health Service and Professor of Anatomy, has been named Assistant Dean of Medicine, responsible for undergraduate curriculum and evaluation. Dr. Cookson will continue to direct the Health Service.

■ MRS. BARBARA LACROIX, Public Relations Officer, and MRS. MARCY DAVIES, Administrative and Professional Officer in the Publications Office, attended the 1974 national conference of the American College Public Relations Association, in Atlanta. They also attended the School for Educational Administrators which preceded the conference.

■ F.H. VITOVEC, Chairman of Mineral Engineering, has been appointed Co-Chairman of the fourteenth Conference of Metallurgists of the Canadian Institute of Mining and Metallurgy (CIM), which will be held in Edmonton August 24 to 28, 1975.

■ PETER J. MURPHY, Associate Professor of Forest Science, has been named Acting Chairman of the Department of Forest Science. The appointment took effect June 1 and will continue until June 30, 1975. Professor Murphy replaced J.D. SCHULTZ, who has returned to full-time teaching and research in the department.

■ MARY E.P. HENDERSON, Director of the School of Library Science, has been installed as President of the Canadian Library Association for 1974-75.

■ H.R. ZIEL, Professor of Industrial and Vocational Education, will be on leave of absence for the 1974-75 academic year to assume an appointment as Chairman of the Division of Adult and Vocational Education at the Florida International University in Miami.

■ ALEXANDER MATEJKO, Professor of Sociology, took part in an international colloquium on Polish society held at Carleton University, Ottawa.

■ C.Y. OH, Associate Professor of Secondary Education, conducted a two-day workshop at the fourth Canadian Communications Conference held at Brock University, St. Catharines, Ontario. He also conducted a one-day workshop for the Canadian Association of College and University Libraries at the University of Manitoba in Winnipeg.

■ MYER HOROWITZ, Dean of Education, participated in a lecture series on early childhood education at Southern Connecticut State College and also addressed the annual meeting of the Canadian College of Teachers in Montreal.

■ T.S. LEESON, Professor of Anatomy, gave a paper at the summer meeting of the Anatomical Society of Great Britain and Northern Ireland in Southampton. He was also an invited guest at the top table for the annual dinner of the Society.

■ J.P. DAS, Director of the Centre for the Study of Mental Retardation, has returned from his six-month sabbatical in India and Sri Lanka, where he set up research projects on the effect of malnutrition on cognitive development.

NOTICES

CAN YOU PASS A SCREEN TEST?

The University is considering the production of programs to be shown on commercial television which will better acquaint the community with the many facets of University activity.

This will require the services of people drawn from all areas of the University community, including academic staff, non-academic staff, and students, for on-camera work as hosts, interviewers, etc.

Persons interested in becoming involved should contact BRIAN KIENAPPLE at 432-4962 for further information.

EXTENSION COURSE ON OUTDOOR EDUCATION

A four-day field-lab program designed for teachers, youth group and camp leaders, and other adults responsible for programming and teaching young children to use the outdoors as a living classroom will be held August 13 through 16.

The well-known naturalist MRS. JOY FINLAY, who is also outdoor consultant to elementary schools and outdoor leadership programs, will be the primary instructor for this Department of Extension course. The course will focus mainly on interpreting nature's ecological relationships: diversity—the similarities and differences of species, with keys for identification of species; change—the response of species to environmental change; adaptation—why plants and animals exist in certain habitats and not in others; and inter-relatedness—the holistic view of nature that no species can exist in isolation. There will be lectures and field work, including an overnight camp.

The course fee is \$39 plus an equipment fee of \$3. The registration deadline is August 5. Registrations are being accepted at the Department of Extension, Corbett Hall, 82 Avenue and 112 Street, between 8 a.m. and 4 p.m. Additional information is available by calling 432-3035 or 432-3116.

CRI DE COEUR

Will whoever borrowed Coates's *Myself a Mandarin* from L.C. GREEN, University Professor in the Department of Political Science, please return it to him without delay.
